

On behalf of the Brooklyn Museum we would like to share that they will now be operating as a **Food Distribution site** starting on **Monday, June 1st at 3:00pm—5:00pm**. To help get the word out to constituents, would you please circulate the attached flyer and the below information?

We would love to let folks know that this is happening weekly and that they should come and get food. We are encouraging virtual sign ups so we may account for food, however if folks do not have access to internet, they will still be able to come and grab food.
